

HALL of EXCELLENCE

The female recipient of the Hall of Excellence award is Elsa deLeeuw of White Wave Rock in BC. Elsa started accumulating Canadian records in 2002 at the age of 78 years. She is still swimming today at the age of 94 and now generates World Records in a variety of events. Elsa is taking it a little easier these days and is not able to be with us here in Quebec City, but her Club will be presenting her award to her at an upcoming Club event.
