

HUD STEWART AWARD

This year's recipient of the Hud Stewart Award is Lindsay Patten. A long-time volunteer within the Masters Swimming community at the Club, Provincial and National levels, Lindsay is most remembered for two major undertakings on behalf of this organization -- keeping it alive and well during the 9-month interim when the Board of Directors assumed an operational role while the search for an Executive Director took place, and as the designer and developer of the former mymsc website. His commitment of time and expertise to these particular projects would be difficult to duplicate, and we are most appreciative of his assistance in transitioning to the new MSC website.
